

When Newark Was Younger

Steamship piers were a feature of life in Newark's New Jersey in 1870 although city's first sewerage company had been organized in 1859.

THE finding of better housing for the city's growing population was one of the first steps in the city's development. Newark's first sewerage system was built in 1859, and the city's first sewerage company was organized in 1859. The city's first sewerage company was organized in 1859, and the city's first sewerage company was organized in 1859.

QUEST FOR WATER

BY WILLIAM STEWART

Editorial Staff, Newark Evening News, Newark, N.J.

THE city's first sewerage company was organized in 1859, and the city's first sewerage company was organized in 1859.
